Communication with membership is done through an electronic newsletter via email on a bi-monthly basis, or more often as events dictate. If you do not have an e-mail address, you will receive, via snail mail, a print copy of the electronic newsletter 7-10 days following the e-mail to membership. Routine email notices, which often include reminders, last minute event changes, etc., are not mailed via snail mail to membership. Therefore it is very important that we have your email address. Your email address will not be shared with any other person or organization without your permission.

On occasion MSFTA shares the membership list with other non-profit equine organizations, primarily for the purpose of promoting equestrian events. Phone numbers and e-mail addresses are not included. Additionally, MSFTA members may obtain a copy of the membership list. If you do not want your name and address to be published on this public membership list please check here:
