Jody has been training dogs and /or horses since she was 12 yrs old. The clicker/ positive reinforcement system opens the door to getting your horse to do any number of things. The biggest benefit is that it bridges the communication gap between you and your horse!

Jody will teach you how to use the clicker to get more out of your horse and teach you some simple tricks. Clinic limited to 15 participants. Please RSVP for directions. For those that signed up for the March 21st Clinic (that was cancelled).... please RSVP immediately. Your place is reserved!

Materials that you will need for the clinic:

- TREATS (treats must be small like no bigger than a quarter. They can be cut up apples, carrots, apple cookies. What ever really motivates your horse.)
- A small crop or stick to use as a target
- Lawn chair & Your Lunch
- Your horse
- Notebook (for Note taking)

I will provide the clickers.
